Dear Madam Secretary:

AT&T has provided advance customer notice and certifies that it has included the information required under the Section 64.1120e and other applicatory statutory and Commission requirements. A sample notification letter is attached hereto.

Dear RCN Customer:

This notice provides you important information about the transfer of your local telephone service from RCN Telecom Services Inc. (RCN) to AT&T California (AT&T).

What you need to know about your RCN transfer:

During a short transfer period beginning May 1, 2007, your RCN local telephone service will be automatically transferred to AT&T in accordance with applicable rules of the Federal Communications Commission (FCC) and the California Public Utilities Commission (CPUC). After the transfer, your monthly billing statement will come from AT&T rather than RCN. There will not be any duplication of charges between these two bills, and the charges shown on each must be paid. Any remaining balance on your RCN bill will not be transferred to your AT&T bill. Please be aware that you are responsible for paying all bills rendered to you by RCN during the transfer. AT&T is not responsible for any existing complaints you may have against RCN.

The transfer for local telephone service will be provided at no charge. You will receive more detailed information about your new AT&T bill within the next few weeks.

What you need to know?

Local telephone and optional local calling services. Only local telephone service, presently provided by RCN, will be transferred to and provided by AT&T. You will be charged the current monthly tariff rate.¹ If you have carrier freeze protection on your account, it will be lifted at the time of the transfer to AT&T and will not be replaced unless you arrange for a new freeze protection. Any features associated with your local telephone service will NOT be transferred. There will be no change in your telephone number.²

Local toll and long distance. Only your local telephone service will be transferred to AT&T. If you are currently presubscribed to RCN for local toll and long distance service, you must contact another provider or AT&T to arrange for a presubscribed carrier for local toll and long distance service. If you wish to purchase these services from AT&T, please call us at 1-800-955-4296 (English) or 1-888-955-8244 (Spanish).

¹ AT&T Tariff A5.2.2.D.1.

² In a limited number of circumstances involving complex services, some changes may be required. You will be contacted if these apply to your account.

Rates, Terms and Conditions of Service. Basic rates, terms and conditions are described in Attachment A to this letter. AT&T will inform you by mail or bill message about any changes in these terms. After the transfer, AT&T will assume responsibility for all new service, billing inquiries, and complaints.

Internet services, voice mail, and TV. These services, which are provided by RCN, will not be transferred to AT&T. If you wish to purchase these services from AT&T, please call us at 1-800-955-4296 (English) or 1-888-955-8244 (Spanish).

We are aware that you have choices in the market, and AT&T is proud to be your telecommunications provider of the future. You have our commitment to providing consistently excellent products and packages to meet your growing communication and entertainment needs. If you call AT&T before May 1, we can discuss our service offerings so that you can choose services in addition to local telephone service, and thereby avoid being transferred to AT&T with only local telephone service.

You do have the right to choose another local exchange carrier. If you do choose another provider, that transfer should be completed before **May 1, 2007** if you wish to avoid the conversion of your local service to AT&T

If you have any questions regarding this letter, you can contact AT&T at 1-800-955-4296 (English) or 1-888-955-8244 (Spanish).

We look forward to you being part of the AT&T family.

Sincerely,

AT&T California
